INTERNATIONAL REPORT – STATE VIOLENCE AND ATTEMPTED HOMICIDE – ARGENTINA

Between November 2 and November 11, 2025, I was the victim of severe institutional violence in the province of Santa Fe, Argentina. Police officers and municipal/provincial officials engaged in torture, physical assaults, threats, unlawful deprivation of liberty, and a direct attempted homicide.

The coordinated action of state agents represents a serious violation of human rights. Evidence is publicly preserved at: www.seralavida.com

I request international assistance, protection, and monitoring.
